

COLONOSCOPY PREPARATION INSTRUCTIONS

Your procedure is scheduled for _____ at _____

St. Luke's Hospital
232 S. Woods Mill Road
East Medical Building, Suite 130
Chesterfield, MO 63017
(314) 542-4863

Please arrive **1 hour** prior to your scheduled appointment time.

From Hwy 40/Interstate 64:

- Go north on Woods Mill Road (Hwy 141) ½ mile to Conway Road.
- Turn right at the stoplight onto Conway Road. Turn left into the hospital east entrance.
- Turn left again into the east surface parking lot or East Garage (3 levels). There is direct access to the East Medical Building from Level 1 or 3. Complimentary valet parking is available and is highly encouraged. Valet parking begins at 7:30am
-

If you cannot keep your scheduled appointment, please notify us at least **2 business days** before your scheduled time.

Please review the "special circumstances" section of this document carefully to see if you require special instructions or modifications.

BOWEL PREPARATION:

Necessary items to purchase:

- SUPREP Bowel Prep Kit - This prep requires a prescription which has been provided. There is a coupon available at www.suprepkit.com. This coupon can only be used for non-Medicare patients. If you find that the prep is too expensive, please contact our office for an alternative preparation.
- **Disregard** instructions on the SuPrep Kit as we have altered the prep based on our clinical experience, for your safety.
- Please visit our website to review an instructional video regarding preparing for colonoscopy using the SuPrep Bowel Kit. You may also view the "consent" video for colonoscopy on our website.

The day prior to your procedure:

- **NO SOLID FOODS All Day Long!** Consume only clear liquids on this day. Examples: water, any kind of soda, Gatorade, black coffee, tea, popsicles, Jell-O, broth, bouillon, and fruit juices that you can see through (apple, white grape and white cranberry are OK, orange and tomato are not). **NO Red or Purple products should be consumed.**
- **Drink a lot of clear liquids throughout the day and evening.**
- **AFTER MIDNIGHT NOTHING MORE EXCEPT FOR THE PREP AS DIRECTED.**
- **No alcohol** allowed on the day of the prep and the day of the procedure.

**Prior to Starting the Prep, make note of the time your procedure is scheduled, not your arrival time.
What time is your procedure? _____**

WHEN TO START:

If your procedure is...

At or Before 11:00am

Start PART A at 4pm the afternoon before your procedure.

Start PART B at 11pm the evening before your procedure.

After 11:00am

Start PART A at 6PM evening before the procedure

Start PART B at 6AM the morning of the procedure

PREP PART A (Complete all 4 steps within 90 minutes):

STEP 1 - Pour **ONE** 6 oz. bottle of SUPREP liquid into the mixing container. Then fill the container to the 16-ounce line with cold water.

STEP 2 - **DRINK ALL THE LIQUID IN THE CONTAINER** within 20 minutes.

STEP 3 - Twenty minutes after finishing Step 2, fill the container with water (16 oz.) and drink it.

STEP 4 - Fill the container with 16 oz. of water and drink it.

You may continue to drink additional clear liquids if you wish until midnight. Then nothing more except for the portions of the prep as directed.

PREP PART B

Repeat steps 1, 2, 3 and 4 above.

AFTER FINISHING PREP PART B - DO NOT EAT OR DRINK ANYTHING ELSE.

You need to finish the Prep at least 4 hours before the scheduled start of the procedure.

If you consume additional liquids it can increase the risk of respiratory complications from the procedure and sedation.

- Complete the enclosed forms and bring them with you the day of your procedure, along with your insurance cards and picture ID.
- If your bottom is sore, try an ointment such as A&D ointment, Preparation H, or Vaseline to the anal area as needed.

The day of the procedure:

- You may take your usual medications with sips of water as early as possible the day of the procedure.
- Arrive at St. Luke's GI/Endoscopy Lab **1 hour prior** to your scheduled procedure time.
- **SOMEONE WILL NEED TO DRIVE YOU TO AND FROM THE HOSPITAL.**
 - You and your driver can plan to be at the center approximately 2 hours total.
 - You will not be able to drive or drink alcohol the rest of the day.
- If you have any questions, the nurse will go over it with you at the time of your appointment.
- All Female Patients: If you are between the ages of 12-49, you will be required to give a urine specimen unless you have had a Hysterectomy or Tubal Ligation
- Please bring with you:
 - Insurance cards
 - Picture ID
 - Completed patient information form
 - Completed medication form

SPECIAL INSTRUCTIONS

Patient with an implantable defibrillator and/or pacemaker: Please call us at least five (5) days before the procedure for instructions.

If you have had a cardiac stent placed in the last 12 months or if you are taking an anti-platelet medication with aspirin, please contact our office at 314-529-4900 to discuss.

Coumadin, Jantoven (warfarin), Arixtra (fondaparinux): Call your prescribing physician and ask if you can safely stop this medication **four (4) days** before the procedure. If your doctor tells you that you cannot stop the Coumadin, then please call us immediately to make us aware of this. We will then discuss with you the various options available.

If you take **Eliquis (apixaban), Fragmin (dalteparin), Iprivask (desirudin), Lovenox (enoxaparin) Pradaxa (dabigatran) or Xarelto (rivaroxaban):** Call your prescribing physician and ask if you can safely stop these medications **2 days** before your procedure. If your doctor tells you that you cannot stop these medications, please call us immediately to make us aware of this. We will then discuss with you the various options available.

Plavix (clopidogrel), Brilinta (ticagrelor), or Effient (prasugrel): If you are taking any of these medications **WITH Aspirin**, please call our office at 314-529-4900 to discuss. If you are taking any of these 3 medications **without Aspirin**, it is not necessary to stop them prior to your procedure.

Iron: Stop iron four (4) days before the procedure. Iron can make preparation difficult and result in a poorly cleaned colon.

Antibiotics for procedures: Recent publication from both the American Heart Association and American Society for Gastrointestinal Endoscopy state that antibiotics are not necessary for routine endoscopic procedures.

Insulin: Call your prescribing physician at least five (5) days before the procedure and ask for instructions.

Herbal Medications: It is best to stop any herbal remedies five (5) days before the procedure as many of them can thin the blood and increase risk of bleeding during the procedure.

Additional Information:

Approximately 3 business days prior to your procedure, you will be receiving a phone call reminding you of your appointment. If you are not home, a message will be left on your answering machine/voicemail. Unless you want to cancel or reschedule your appointment, it is not necessary to call the office to confirm. We will assume you are keeping your scheduled appointment unless we hear from you.

We also suggest that you contact your insurance to verify coverage for colonoscopy. Some insurance plans cover colonoscopy for colon cancer screening or routine/preventative care. Other plans only cover colonoscopy if you are having symptoms or they may say it's covered only if "medically necessary". There are many different insurance companies and each individual plan is different.

You may visit our website (www.gatewaygi.com) for more detailed information regarding the physician you will be seeing and other services offered.

GATEWAY GASTROENTEROLOGY INC.
OFFICE: (314) 529-4900

PATIENT PORTAL

Gateway Gastroenterology has a Patient Portal for you to access some of your information. This portal shows any upcoming or previous appointments, some questionnaires for you to fill out prior to your appointments and you can also securely communicate with our office for questions to the doctor, nurse practitioner or staff.

You will get access to the Patient Portal once we have obtained your email address and have entered it into our practice management system. You will receive an email once we have enabled you to continue the registration process.

The web address: <https://health.healow.com/gatewaygi>

Please bookmark or save this to your Favorites.

Questionnaires – There are some questionnaires on this portal you can fill out instead of doing them in the paperwork we have sent you.

At this time the portal does not show your medications or any results.

COLONOSCOPY: SCREENING VS. DIAGNOSTIC

Your insurance policy may be written with different levels of benefits for preventative versus diagnostic or therapeutic colonoscopy services. This means that there are instances in which you may think your procedure will be billed as a "screening" when it actually has to be billed as diagnostic/therapeutic.

How can you determine what category your colonoscopy falls into?

Colonoscopy Categories: Diagnostic/therapeutic colonoscopy:

Patient has **past** and/or **present** gastrointestinal symptoms, personal history of **polyps**, GI Disease (UC or Crohn's), iron deficiency anemia and/or any other abnormal tests.

Preventative Colonoscopy with Screening Diagnosis: Patient is **asymptomatic** (no gastrointestinal symptoms either past or present, over the age of 50, has no personal history of GI disease (UC or Crohn's), colon polyps, and/or cancer. (The patient has not undergone a colonoscopy within the last 10 years.)

Before your procedure, you should know your colonoscopy category. After establishing which one applies to you, you can do some research with your insurance company regarding your coverage and what your out of pocket expense will be.

Your primary care physician may refer you for a "screening" colonoscopy but there may be a misunderstanding of the word "screening." You must have no symptoms at all for your colonoscopy to be billed as a screening service.

Can the physician change, add or delete my diagnosis so that I can be considered eligible for a colon screening?

NO! The physician encounter is documented in your medical record from information you have provided as well as what is obtained during our pre-procedure history and assessment. It is a binding and legal document that cannot be changed to facilitate better insurance coverage. Patients need to understand that strict government and insurance company determination and coding guidelines prevent a physician from altering a chart or bill for the sole purpose of coverage determination. This is considered fraud and punishable by law with fines and/or jail time.

What if my insurance company tells me that a doctor can change, add, or delete a CPT or diagnosis code?

Sadly, this happens a lot. Often the representative will tell the patient that "if the doctor had coded this as screening, it would have been covered differently." However, further questioning of the representative will reveal that the "screening" diagnosis can only be amended if applicable to the patient. Remember that most insurance companies only consider a patient over the age of 50 with no past and present symptoms as "screening." If you are given this information, please document the representative's name and date so we can report them to our insurance representative.

Please acknowledge receipt of this document by signing below and bringing it with you to your appointment.

WELCOME

Dear Patient:

Welcome to Gateway Gastroenterology! We look forward to meeting you. We'd like to take this opportunity to tell you a little about our practice.

Gateway Gastroenterology is a group of eight board-certified gastroenterologists that was established in 1984. Our areas of expertise include the esophagus, stomach, small intestine, colon, liver, gallbladder, and pancreas. We offer a wide variety of gastroenterology services including inpatient and outpatient consultation as well as a broad range of endoscopic procedures including screening colonoscopy, upper endoscopy, testing for dietary intolerance, etc.

Our goal is to provide outstanding care in a timely, courteous, and professional manner. All of our physicians are committed to ongoing education and will make every effort to provide you with the most up to date and thorough care possible.

We will try hard to make your experience with us as hassle-free as possible. To this end, we will see you in a timely manner, return phone calls, and communicate with your other physicians.

Our practice includes Board Certified Nurse Practitioners who are specialized in gastroenterology and assist us in seeing patients in the office. Through their work, we are able to provide greater office time availability and flexibility. Our staff consists of friendly and knowledgeable people that are available to help with your scheduling, billing, and insurance needs.

We look forward to working with you.

Respectfully,

David Benage, M.D.

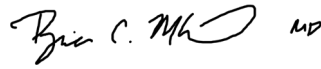

Jeffrey E. Matthews, M.D.

Andrew Y. Su, M.D.

FINANCIAL DISCLOSURE

Dear Patient:

We would like to take this opportunity to welcome you, and to let you know that we are committed to providing you with the best possible care. Please take a few minutes to read this important information regarding our financial policies. We will gladly discuss your proposed treatment and answer any questions you have related to your charges:

1. PHYSICIAN'S PROFESSIONAL CHARGE

We will bill this charge for you. This billing is for the physician's professional services that are provided during your procedure. **If you are a new patient to our office there will be a separate consultation fee.**

2. FACILITY CHARGE

There will also be a facility bill for the use of the facility in which your procedure is being performed. If the procedure requires additional services, the billing will be increased depending on the added requirement. The facility will bill these charges separately to you

3. LABORATORY AND PATHOLOGY CHARGE

If you have a biopsy taken, or polyps removed, you will receive a bill from the laboratory that processes your biopsy.

4. ANESTHESIA CHARGE

If your procedure utilizes the services of the anesthesia provider, this professional charge will be billed separately to you. This billing is for the anesthesia provider's professional services that are provided during your procedure.

Payments made to the facility on the day of the service are credited towards the facility charge only.

If you have insurance, we will file a claim for you. Please understand that your insurance is a contract between you and your insurance company and that complete payment to us is ultimately your responsibility. Under certain circumstances some insurance carriers may not always cover or may deny payment for services provided. Our office will bill your insurance first. After your insurance processes the claim, we will forward a statement to you if there is any patient responsibility. Please remit payment in a timely fashion or call the office to make payment arrangements.

If you belong to an insurance plan, we will follow guidelines set forth in those plans. Please be sure to contact your primary care physician if your insurance requires a referral. Services cannot be rendered if proper authorization has not been given. We DO participate in Medicare.

If you do not have insurance, payment for services is due at the time services are rendered unless payment arrangements have been approved in advance. To assist you, we accept checks, MasterCard, Visa, and Discover.

We recognize that temporary financial problems may affect timely payment of your account. If such problems arise, we encourage you to contact us promptly for assistance in the management of your account. We are willing to work with you, but we need you to communicate with us. We do use outside agencies as a means of collections should we deem it necessary.

If you have any questions about the above information or any uncertainty regarding insurance coverage, don't hesitate to ask us. We are here to help you. You can reach our office at 314-529-4900.

DISCLOSURE AND CONSENT FOR MEDICAL AND SURGICAL PROCEDURES

Prior to your procedure, you will be asked to sign a consent form such as the one below or one similar to it. Please read this, and if you have any questions, ask your physician prior to undergoing your procedure.

TO THE PATIENT: *You have the right, as a patient, to be informed about your condition and the recommended surgical, medical, or diagnostic procedure to be used so that you may make the decision whether or not to undergo the procedure after knowing the risks and hazards involved. This disclosure is not meant to scare or alarm you; it is simply an effort to make you better informed, so you may give or withhold your consent to the procedure.*

I (we) voluntarily request

- | | | | |
|---|--|---|--|
| <input type="checkbox"/> David Benage, MD | <input type="checkbox"/> Jeffrey Kreikemeier, MD | <input type="checkbox"/> Brian McMorrow, MD | <input type="checkbox"/> Jeffrey Mathews, MD |
| <input type="checkbox"/> Richard Riegel, MD | <input type="checkbox"/> Jonathan Seccombe, MD | <input type="checkbox"/> Andrew Su, MD | <input type="checkbox"/> Fred Williams, MD |

as my physician, and such associates, technical assistants, and other health care providers as he/she may deem necessary.

I (we) understand that the following surgical, medical, and/or diagnostic procedure(s) planned for me and I (we) voluntarily consent and authorize these procedures:

- Esophagogastroduodenoscopy with possible biopsy and/or polypectomy and/or dilation
- Colonoscopy with possible biopsy and/or polypectomy and/or dilation
- Flexible Sigmoidoscopy with possible biopsy and/or polypectomy and/or dilation
- Other: _____

I (we) understand that my physician may discover other or different conditions which may require additional or different procedures than those planned. I (we) authorize my physician, and such associated, technical assistants and other health care providers to perform such other procedures which are advisable in their professional judgment.

I (we) understand that no warranty, guarantee or assurance has been made to me as to the results of the procedure and that it may not cure my condition. Just as there may be risks and hazards in continuing my present condition without treatment, there are also risks, and hazards related to the performance of the surgical, medical, and/or diagnostic procedures planned for me. I (we) realize that common to surgical, medical, and/or diagnostic procedures is the potential for infection, blood clots, in veins and lungs, hemorrhage, allergic reactions, and even death. I (we) also realize that the following risks and hazards may occur in connection with this particular procedure: drug reaction, bleeding, perforation, missed pathology, infection, cautery burn, cardiac arrhythmia, and aspiration.

I (we) understand that anesthesia involves additional risks and hazards, but I (we) request the use of anesthesia for the relief and protection from pain during the planned and additional procedures. I (we) realize the anesthesia may have to be charged possibly without explanation to me (us).

I (we) understand that certain complications may result from the use of any anesthetics including respiratory problems, drug reactions, paralysis, brain damage and even death.

I (we) have been given an opportunity to ask questions about my condition, alternative forms of anesthesia and treatment, risks of nontreatment, the procedure to be used, and the risks and hazards involved, and I (we) believe that I (we) have sufficient information to give this informed consent.

I (we) certify this form has been fully explained to me, that I (we) have read it or have had it read to me, that the blank spaces have been filled in and that I understand its contents.

INFORMATION RELEASE

I _____ give consent for any medical information to be released to the following parties:
